MyUSAGE

USAGE MONITORING

For customers who receive a monthly bill, viewing your daily electrical usage is free with MyUsage. Monitoring your home’s energy consumption is the first step toward finding ways to decrease it. Usage Monitoring provides charted daily usage and temperature readings that are easy to understand. Customers can request notifications alerting them of daily usage, high usage, or both. Adding the MyUsage app to your smart phone makes this easier too!

HOW TO REGISTER

Usage Monitoring account creation is simple and straightforward at the MyUsage website. Customers can create their own account online by providing their name, zip code, PUD account number, and the email address to which alerts will be sent. Customers may also contact us at (360) 423-2210 to create a Usage Monitoring account.

RESIDENTIAL WEATHERIZATION PROGRAM

Since 1982, Cowlitz PUD has been helping our customers reduce their monthly electric bills and make their homes more comfortable through our weatherization program. Under the weatherization program, Cowlitz PUD may be able to pay a portion of the cost to insulate your electrically-heated residence, rental home or multi-family building.

Steps for Participation
1. Call Energy Efficiency Services to determine eligibility for our program.
2. Request bids from contractors that are licensed and bonded in the state of Washington. We recommend getting at least two bids. You can verify that a contractor is licensed at: https://secure.lni.wa.gov/verify/.
3. Call Energy Efficiency Services to schedule an appointment to review your bid(s) at the PUD’s main office. During the appointment, you will select the contractor of your choice. 360.423.2210
4. The Energy Efficiency staff member will inform the contractor that they’ve been chosen if they are on the PUD “Courtesy Contractor List.” If the selected contractor is not on the “Courtesy Contractor List,” the homeowner is responsible to inform the chosen contractor. In both cases, letters and related documents will be sent by the PUD to the homeowners and contractors, allowing for those parties to communicate and schedule the pre-authorized weatherization work.
5. Rebates will be issued after weatherization measure(s) has passed a PUD inspection.
MY POWER PAY

MyPowerPay is the pay-as-you-go alternative for buying electricity.

It’s like buying electricity the same way you purchase gasoline for your car. Call 423.2210 to find out more.

COMMISSIONER CORNER

District 1 - Dena Diamond Ott
ddiamond-ott@cowlitzpud.org
